objective

Web designer with over a decade of illustration and web design experience, providing professional layouts, designs, web sites, illustrations, and motion graphic work.

work experience

monolith electric 2003 / 2006

Electrician and IT work, as well as web master of the site, maintaining the website and programming.

freelance web designer 2006 / 2010

Producing creative media solutions for clients using the industry's best professional tools. Work varied from simple graphic work to fully coded web sites in both flash and html, as well as motion graphic work.

freelance illustrator 2004 / 2010

Illustrations varied from pencil work (portraits / children's books), to comic book inking and coloring, and tattoo designs. Some of my portrait drawings are located at www.youtube.com/lordreinhart where my drawing videos have over 150,000 views.
