Objective

Web and graphic designer with five years of illustration and web design experience, providing professional layouts, designs, websites, illustrations, and motion graphic work for various businesses and individual clients.

Education

Owen J. Roberts High School
Kutztown University

Work Experience

Monolith Electric 2003 - 2006

Electrician and IT work, as well as web master of the site, maintaining website and graphic work.

Freelance Web Designer 2006 - 2011

Producing creative media solutions for clients using the industry's best professional tools. Worked varied from simple graphic work to fully coded web sites in html / css, as well as various flash elements, motion graphic work, and php elements.

Freelance Illustrator 2006 - 2011

Illustrations varied from pencil work (portraits / children's books), to comic book inking and coloring, and tattoo designs. Some of my portrait drawings were located on youtube with timelapse recordings of me illustrating that have netted hundreds of thousands of views, and am fairly known in the facebook and youtube community.
